## **Marineland's Seaside Scholarship Programs (SSP) Application**

Marineland's Education Department developed the SSP in an effort to ensure that diverse audiences, regardless of their economic status, have an opportunity to participate in unique educational experiences at a reduced rate or in some cases free of charge. School groups of all ages are invited September through May to experience innovative educational opportunities. We understand that budgets limit these possibilities and Marineland extends this effort towards lessening these costs through our SSP.
